<b>Phonak TV Connector</b> The Phonak TV Connector is a simple plug and play device that wirelessly streams TV and other audio sources directly to your hearing aids, transforming your aids into wireless stereo headsets. Comfortably connect to your TV wirelessly with the freedom to move within a transmission range of up to 15 meters (50ft).  Control the volume of streamed audio directly on your hearing aids independently of the TV's volume.  Watch TV with your family members and friends with one unique device connected to an unlimited number of hearing aids.		2 YEARS	£175
<b>Phonak Partner Microphone</b> PartnerMic is a simple to use, discreet microphone that attaches to your partner's lapel to improve hearing during one to one conversations in moderate noise levels. It is optimized to be worn 20cm from the user's mouth it has a range of up to 25 metres.  PartnerMic instantly connects to your Phonak Infinio hearing aids, enabling you and your partner to engage in clear conversation anytime, anywhere. It provides up to 6 hours use on a single charge and requires only 2 hours to recharge.  One-time pairing is simple; switch it on, click the connect button, and hold it close to your Phonak hearing aids.		2 YEARS	£275
<b>Phonak Remote Control</b> The Phonak Remote Control simply and discreetly adjusts your hearing aids at the touch of a button.  Making adjustments to your hearing aids on the go is easy with its three clearly marked large buttons that makes it easy to manage audio levels, check battery life, and see program status.  It's a great option if you don't use a smartphone but still want to adjust your hearing aids discreetly from the palm of your hand, pocket or purse.		2 YEARS	£165

Our recommendations are based exclusively on clients' personal needs and circumstances. Prices include a hearing test and product consultation, hearing aid fitting, lifetime aftercare and two years supply of batteries.
